Mulholland will work with other board members in guiding the organization, which provides a wide range of services — from disaster preparedness and disaster relief to blood services and first aid training.

“Lynn is a very intelligent woman whose expertise as a CPA will be helpful during these challenging economic times,”

said Brenda Simmons, executive director of the American Red Cross Middlesex Central Connecticut Chapter. “I am impressed not only by her willingness to work in the finance area but also her desire to assist with fund development.”

In this volunteer endeavor, Mulholland is joining her colleague and Mahoney Sabol partner Rich Knotek, who is chairman of the board.
